

MAHESH MUNDE

Pune, Maharashtra | +91 8767421254 | mundemahesh76@gmail.com | GitHub: <https://github.com/munde377>

PROFESSIONAL SUMMARY

Python, Data Science, and Machine Learning Developer with hands-on experience in Python, SQL, data analysis, and ML projects. Skilled in data preprocessing, EDA, visualization, and building real-world applications using data-driven approaches.

TECHNICAL SKILLS

Programming: Python

Data Science: Data Analysis, Data Visualization, EDA

Machine Learning: ML Fundamentals, Recommendation Systems

Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Databases: MySQL, SQL (Joins, Subqueries, Indexes)

Tools & Concepts: Jupyter Notebook, VS Code, Statistics, Supervised & Unsupervised Learning (Basics)

EXPERIENCE

Alpha Tech Solutions Pvt. Ltd. – Wagholi, Pune **Python, Data Science & Machine Learning Trainee** | 6 Months

Projects:

Banking Management System

- Developed a Python–MySQL based system for managing bank accounts, transactions, and customer data with analytical reports.

Movie Recommendation System (Machine Learning)

- Built a content-based movie recommendation system using cosine similarity with data preprocessing in Pandas and Scikit-learn.
-

EDUCATION

Bachelor of Computer Science

Dr. Babasaheb Ambedkar Marathwada University

H.S.C (Science) – Maharashtra Board, 2022 – **70.67%**

S.S.C – Maharashtra Board, 2020 – **54.00%**

CERTIFICATIONS

- Python for Data Science
- SQL and Database Management
- Machine Learning Fundamentals

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
